Wednesday - 26 June 1963

2. [REDACTED]

and John S. Warner met with

[REDACTED] and explained the background of the Cannon letter to the Bureau of the Budget with a copy to the Senate Committee. [REDACTED] was appreciative but indicated he did not think that he could take any action on it. We assured him that we did not wish him to take any action but merely wanted him to be informed indicating we would consider further the question of raising with [REDACTED] the possibility of a meeting by the Agency Subcommittee on the Agency budget.
